

License Terms

Money Nobody Taught You · Series 1 Classroom Kit · © 2026 Paul Blankenburg. All rights reserved.

Free first classroom. With an access code from Paul, one classroom at your school may use the full kit, one time, free. Nothing to sign or pay, no card, nothing renews. Stop anytime. **School licenses** (whole school, founding school, district) cover every classroom in the licensed school(s) for one school year. No auto-renew unless you choose it at checkout. Teacher and principal toolkits are free for anyone; student books and workbooks need your school's access code.

You may

- Use the teacher guides, letters and Class Scorer freely (the teacher and principal toolkits are free for anyone).
- Print and copy the student workbook, and use the full books, for the students your license covers: one classroom with the free code; every classroom in the school with a whole-school or founding license; each purchased school with a district license.
- Send the parent letter home with your students. Students may keep their own workbook pages.

You may not

- Share the student books, the workbook or your access code beyond what your license covers (for example, a free one-classroom code with other classrooms, or any code with other schools).
- Post it online: no public websites, open class pages, social media, or shared drives outside your class.
- Sell it, or change it and pass it on.

How long it lasts

- **Free first classroom:** one classroom, one time per school, with an access code from Paul.
- **School license:** one school year, through July 31. Continuing is your choice; nothing renews automatically unless your school chose auto-renew at checkout.
- Want it for more classrooms? The whole-school license covers every classroom in the building; districts with 3 or more schools get \$1,999 per school. Prices are on the price sheet.

What you're agreeing to

- **Free first classroom:** needs an access code from Paul. No card, nothing to sign, no obligation. It never turns into a paid plan by itself.
- **No auto-renew unless you choose it.** By default a license is one payment for one school year and nothing renews by itself. If your school ticks the auto-renew option at checkout, it renews each school year until cancelled (cancel anytime).
- **You pay only for what you order.** No hidden fees.
- **What a license covers:** the free code covers one classroom; a whole-school or founding license covers every classroom in one school; a district license covers each school purchased.
- **Your data, your choice:** we don't collect student or school data. Sharing results, reviews or quotes is always your school's choice, and only with your permission.

The books are stories that teach money ideas. They are not financial, tax, legal or investment advice. Characters, companies and places in the books are fictional. Questions about your license: reply to the email your kit came with.
